JUDICIAL DECORUM
That was a remarkable statement in a Fort Myers newspaper which last week said in an editorial lauding Judge George W. Whitcomb for his conduct of the Southern Sugar Company receivership case:

"The responsibilities devolving upon Judge Whitcomb in this action are tremendous. If the reorganization is effected successfully Judge Whitcomb should get some public appreciation for his efforts."

Judge Whitcomb is widely known and has been mentioned in new circles since he took jurisdiction in a case that involves persons and interests that are not in his circuit. His probity has never been questioned and his conception of judicial conduct must conform to the highest standard. It is evident, therefore, that this bit of popularity and public commendation that the Fort Myers paper makes was made without his knowledge and it must be without his approval.

A few days ago a Miami daily newspaper quoted a Federal judge at Miami as rebuking a discharging prisoner who thanked the court. The Federal judge pointed out that it is highly improper to thank a judge for his action for it is assumed that the judge acts under the law and the evidence without fear or favor. It can be said that an honest and cautious judge does not act in that "public appreciation of his efforts" that the Fort Myers paper thinks Judge Whitcomb should get because of his action in a case before him, where opinion of an appellate court as to the respective rights of litigants must not agree with the opinion of the judge of the Fort Myers circuit.

GET A FLOWER GARDEN!
Lack of capital is overcome by ingenuity; fools sit on their thumbs and watch their lack of money while wise men devise methods by which money comes to them.

Hundreds of thousands of dollars of public money has been used to advertise Florida as "the land of flowers" but when the tourists get here they find it is a land of cypresses, dog fennel and sawgrass. So the investment is a quit making payments on their Florida town lots, used their capital to speculate on the Stock Exchange, and on the prices too high and wrought on the panic and worldwide depression.

The world is hungry for beauty and Nature puts her most splendid beauty into flowers, but she blinds Florida to their opportunity. Fortunately it is, not too late to remedy the error of the past; the Garden Clubs that have been formed, some in the Lake Okechobee region, furnish a means.

Work should be done this summer in all of the "lagoons" around Lake Okechobee in preparation for making the tourists sit up and take notice when they come to winter. If some one says it is too hot here in the summer to do any kind of work, the answer is that it is never too hot to work in the shade, and if there is no shade, shade should be provided by planting trees and making arbors, under which and within which flowers can be grown.

Tourists who come down to see the boat races and bet their heads off will see the flowers and carry back the news that Florida actually is a land of flowers. When they are advertised by our loving friends' praise our praise from mouth to mouth we won't have to

levy taxes for public funds, and when we do our work of beautification on our home grounds we will be less dependent on public funds for our out of public funds. Florida will have a tax problem as long as it has a large population; it will have property when it has a producing people.

INSIDERS' SWEETENINGS
A plan of sugar company reorganization and refinancing that loads sugar company creditors with a town lot promotion as well as with a bankrupt sugar debt is not sound financing for a sugar company, in the opinion of The Everglades News, regardless of what anybody else may say about it.

The attempted transfer of The Cleveation Company to a new sugar company is a threat against the interests of a legitimate and practical attempt to make sugar a commercial success in the Everglades.

The only justification for attaching the sale of The Cleveation Company to the proposed sale of the bankrupt Southern Sugar Company is that the insiders in those companies may be enabled, at the expense of other persons, to save themselves from the consequences of their speculations and wastefulness.

The best service to The Everglades is to denounce this shabby transaction and not glorify it as a desirable achievement.

PRESS COMMENT
Okechobee News: "We would like to see a session of the legislature with only women members and two or three young men. They would be able to handle the husbands back home all the while."

WHAT PEOPLE SAY
Ross Wines of Terry and Canal Point: "It is not so many years ago that people in the Glades were so poor and had to make their money by hand. Now they have money to build roads to their homes, with the money they have made. The Glades is sending its trucks out to feed the city's poor. The building allowed farms to be opened and the farms provide food free; this illustrates all the precepts of morality that were texts in the copybooks."

O. B. McClure of Pahokee: "The lake going down as it is, it will behave owners of high land to conserve the moisture. I hope to see when the land was new and how because there was lots of water in it, it made any difference if the lake was low, but now the land has been compacted. Pumping outfits may have to be resorted to for irrigation."

RUSSIA THREAT OR EXAMPLE TO U. S.?

Discussion of Russia and its five-year plan and its possible consequences was the program for the regular Friday luncheon meeting of the Pahokee Rotary Club, which was held at the home of Mrs. H. L. Hart's Lipp and the speaker, Russian competition in agriculture does not immediately affect the Lake Okechobee region where truck farming is the principal industry. It was pointed out, but it was acknowledged that it might ultimately rest on this region if it did harm in sections that are markets for our products.

The present government of Russia, founded on illiteracy and questioned that any institution had shown to be more in the Russian method that method could be adopted in America when applied to meet American conditions. For the time being the attitude of Russia might well be tolerant of other people of the world, toward one-mindedness.

The Pahokee Rotary Club has purchased kitchen equipment and tableware and the luncheon was prepared and served by Mrs. John Fultz under the direction of the luncheon committee.

Word has been received here that D. C. Culp and son William, who are now located in Denver, Colo., after having spent the winter in Tucson, Ariz. The information came through a letter from Mr. William to his classmate, Alvin Armstrong, in which he said he passed to the sixth grade while attending the Arizona school.

Miss Winifred Lang has come from Jacksonville for an extended visit with her father, H. Roy Lang, William Crews, son of Mr. and Mrs. C. Crews, has gone to the Citizens' Training Camp at Fort Sigbee, Ga.

The Home Demonstration Club met with Mrs. O. B. McClure Wednesday of last week. Each member gave a report of her work for the year. The subject for discussion on the program was "Salads." Present were Mrs. R. J. Simonson, Mrs. A. L. Bice, Mrs. R. C. Crews, Mrs. A. Kallenbrunner, Mrs. L. W. Armstrong, Mrs. Doyle Crocker, and Mrs. O. B. McClure.

Mrs. Frank Reminger, Jr., of St. Louis, Mo., who has been visiting her husband's father, Frank Reminger, Jr., has returned home. Her Sunday school class, with her party at her home Friday afternoon, had a very successful time. The blindfold contest played, and the winner of the prize.

Edna Jones, who operates the Tenois filling station at Belle Glade, visited in Pahokee Sunday, and there is talk of flying balloons at the local fair.

Among those from Pahokee in Palm Beach Monday were L. W. and Bill Stuckey, Corran Sivalore, Mr. and Mrs. Ernest Lind, Dr. J. H. Armstrong, and Charles Brier.

Mrs. McGriff of Palm Beach and Okechobee, who has been visiting in Pahokee Sunday, has returned home. She has been in the city for a few days, recently left for Okechobee. Mrs. McGriff made many friends in the Lake country during her stay with us.

Mrs. W. R. Swain is visiting in Okechobee. Mrs. Charles Moran and daughter, Mabel, and Geraldine Shaver, mother to Joseph Shaver, who is attending a Girl Scout camp for two weeks. Mrs. Moran returned to Okechobee Sunday.

Mary Louise Bass has returned to her home after taking a 10-day course at the Florida State School for Women at Tallahassee. She won the trip through her work in the Girl Scouts.

Mr. and Mrs. C. E. B. and their daughter, Geraldine, who are visiting in Pahokee Sunday, are from Tallahassee. Mr. B. is spending the summer, Mr. and Mrs. O. F. Griffin and family are spending a vacation in Okechobee.

R. J. Schell returned Sunday from Lakeland where he spent the week. He is a member of the Lakeland chapter of the R. O. S. W. and is a member of the R. O. S. W. at Lakeland.

The Rev. A. A. Dole, who is going to Tampa to see a friend, and possibly, under an operation for throat trouble, Mrs. Dole and her daughter, Betty Jo, are visiting her parents, Mrs. and Mrs. G. M. Dole, at St. Myer's.

Mr. and Mrs. Doyle Crocker and children, Mary Elizabeth and Jack, left Wednesday for a visit to Houston, Texas and point in Oklahoma. They will be away until the fall season opens.

W. A. Humphreys and family have gone to Michigan to spend a month.

Mr. and Mrs. C. B. Baker and their son, Billy, left Saturday morning for Ft. Myers, Fla., to visit his parents. Mr. and Mrs. B. Baker. They will visit Tulsa, Okla., and point in North Carolina before returning to Pahokee in September.

Cars are usually parked in the middle of Pahokee's streets as truck that it is hard to drive between them and the cars, but at 4 o'clock last Sunday there wasn't a car in sight. Most everybody had gone to the ball game. Likewise in Canal Point.

THE EVERGLADES NEWS, CANAL POINT, FLORIDA

McCLURE ON VACATION

Mr. and Mrs. O. B. McClure and family left yesterday on a vacation trip during which they will visit Corpus Christi, Texas, where he will look into methods of production and sale of vegetables, and Thomas, Okla., where he has relatives. At Greeley, Colo., who is making a stay in the territory in which his seed beans are grown. Mrs. McClure was born at Boulder, Colo., and they will visit that city and other places in Colorado.

MOORE HAVEN GRADUATES

There were four graduates from Moore Haven high school—Alfred Wagerberg, salutatorian; Cecile Yoder, who gave the class program; Dorothy Peoples, who read the class will, and H. S. Gage, Jr., the valedictorian. Attorney "J. M. Couse gave the graduating address and the diplomas were awarded by J. T. Holladay, the principal. Rev. E. Watt Smith of Lakeland preached the baccalaureate sermon.

KERSENER ICE GALLON

Must Be Good If It Is Best In Florida

Okechobee News. Tallahassee has been about completed that shortens the distance a few miles, and is a much better route than any other. You drive from here to Tampa, take state road No. 5 to Williston, and road No. 19 from there to Tallahassee. The road is completed except about 18 miles, and it is good. The route is 60 miles to Tallahassee, and is more comfortable as well as a lot faster than any other. You pass through Brooksville, Dunedin, and Perry on this route, and you can get the best 50 cent meal in Florida at the Dunedin grill.

EARN SHORT COURSE MONEY

Three Okechobee county boys who recently attended the annual boys' club short course held at the University of Florida at Gainesville, earned all of the money to pay their expenses, according to C. A. Patton, county agent. Most of the money earned was profits on their club projects. The boys were Ward Buggert, Harvey Hancock, R. E. Harriett, Jr., and Murray Buford.

Ton for ton . . . mile for mile

Chevrolet six-cylinder trucks

cost less to operate

It is a matter of record, among more and more large fleet operators, that Chevrolet six-cylinder trucks give a lower transportation cost than any other truck of equal capacity in the market.

There firms are finding, through experience, that Chevrolet sedan deliveries are capable of 20 miles or better, to the gallon of gasoline; that Chevrolet 1½-ton trucks are making fuel records which are relatively just as high. That it costs very little to keep Chevrolet trucks in first-class working order. That Chevrolet service

charges on both parts and labor are exceptionally low. That the active life of Chevrolet trucks extends well past the 50,000 mile mark.

To place your hauling on a minimum-cost basis—and keep it there—put Chevrolet six-cylinder trucks to work. A wide variety of Chevrolet-built bodies is now available. And delivered prices of Chevrolet trucks, complete and ready for work, are based on low chassis-cost and low body-cost, plus only reasonable charges for handling and financing.

AWAIT BOARD MEET TO FIX TAX DELAYS

When a meeting of Everglades

district drainage board will be held

to make regulations under which

lands and coupons can be used in

the payment of the form of taxes

levied for the district is a subject

of interest and inquiry by persons

who wish to use the school of

payment of taxes said to be au-
